## **RULES**

- The tournament follows the American Legion Pitch Count Rules
- While it is on the honor code - you CAN NOT PITCH MORE THAN 105 IN A GAME (you may finish a batter if you hit 105 during an at bat).
- American Legion Rules (Major League - American League Rules) - Except noted below
- College Slide
- P/DH is allowed
  - You can start with a straight 9 then when your pitcher comes out of the games he can become the DH but this needs to be on the lineup Card as P/DH
- Re-Entry For Starters
- Courtesy runners for Pitcher and catcher
  - (anyone not in the game at the time - can be the same runner)
- 8 run rule after 5 innings

## **Tie Breakers**

1. Head-to-Head: Note- in the event of a three-or four-way tie, winner must win all games with teams they are tied with to be a pool winner.
2. Least runs allowed per inning played (lowest number): Determined by all runs given up in all five (5) games played divided by the innings played. Pool winner is the lowest number.
3. Most runs scored: Determined by the number of runs scored in all five (5) games played divided by the innings played. The pool winner is the highest number.
4. Coin flip: If we have 2 teams still tied after Rule #2, then we will go to Rule #3. We will not go head-to-head at this point.
5. Rainouts-can and do happen. This is just nature taking its course and the games are difficult to make up and are a part of baseball and can impact the tie-breakers.
